1 INTRODUCTION

1.1 About MARKFED, Chhattisgarh

The Chhattisgarh State Cooperative Marketing Federation (MARKFED) is an Apex level Federation of Cooperative Marketing Societies in the State of Chhattisgarh. Chhattisgarh State Cooperative Marketing Federation Limited, Raipur (Registration No. 216 dated 31.10.2000) came into existence simultaneously with the creation of new Chhattisgarh State on 1st November 2000. MARKFED executes the work of paddy procurement under Price Support Scheme and supply of chemical fertilizers and plant protection material to the farmers of the state as per the instructions of Government.
Chhattisgarh MARKFED has an extensive network of branches in the state:
(i)Head Office 1
(ii) District Marketing Offices 28
District offices are located at all the district headquarters.

1.2 Project Background

Paddy procurement under Price Support Scheme in the state is done through 2048 procurement centers of 1333 Primary Agriculture Credit Cooperative Societies. For storage of paddy procured under Price Support Scheme, 84 Storage Centers (SC) have been established in the Chhattisgarh state. Primarily the lifting of paddy procured in the procurement centers is done through registered 1832 nos. (approx.) of custom millers and rice is deposited to the CMR deposit centers of FCI /State NAN centers.

Delivery Order (DO)/ Transport Order (TO) is issued to the registered Millers and Transporters for the transportation of paddy from Procurement Centers to Mill Premises and or Storage Centers to Mill Premises for the custom milling of paddy. Balance paddy is transported to the storage centers, in order to keep space for further procurement in the procurement centers. Disposal of paddy stored in the storage centers is done after procurement period through the Transporters selected through the tender process district wise.

DO are generated through the automated system and it is based on the business logic coded to calculate the minimum distance between two points (PC/SC & Mill). The cost of transportation of paddy from PC to Mill, SC to Mill and PC to SC are one of the major financial expense's components borne by CG MARKFED. Therefore, CG MARKFED decided to perform one-time exercise to physically verify the Geo-Coordinates and to get the optimal transportable routes, so that the transportation cost can be curbed.
